# Access to Data Query Page

The screenshot shows the CSMAR Data Query interface. At the top, there are navigation links for Home, Get Data, and Support, along with an Administrator dropdown. A search bar is located at the top right. The main content area is divided into a left sidebar and a main grid of database categories.

**Callout 1 (Top Left):** Subscribed databases highlighted in black and unsubscribed databases in gray.

**Callout 2 (Top Center):** Quick access to Popular Databases

- Analyst Forecasts
- Bank Finance
- Bond Market
- Corporate Governance
- Macroeconomic
- Regional Economy
- Capital Structure
- Event Study
- Fundamental Analysis
- Audit Opinion

**Callout 3 (Top Right):** Click "Get Data" - "Quick Access to Popular Databases" and then click any "Sub Database" to enter the [Query Form] page.

**Callout 4 (Left Side):** [Database Series List] Slide up and down the left scroll bar to select data series

**Callout 5 (Right Side):** [Sub Database List] Slide up and down the right scroll bar to select sub database to enter the [Data Query and Download] page.

# Select Company Codes

## Method ① : [Select]

The 'Select' dialog box features a search bar at the top left. Below it is a sidebar with classification categories: Stock Market Classification, ST & Non-ST stocks, CSRC Industry Classification 2012 Edition, and Area Classification. The 'ST & Non-ST stocks' category is expanded, showing 'ST Stocks' (checked) and 'Non-ST stocks'. The main area displays a list of 152 codes, with 7 selected. A callout box points to the 'All' button, and another points to the 'Clear All' button.

Select [152]	Selected [7]
<input type="checkbox"/> 000410 ( *ST SJ )	<input checked="" type="checkbox"/> 000017 ( *ST ZHA )
<input type="checkbox"/> 000509 ( *ST HS )	<input checked="" type="checkbox"/> 000405 ( ST XG )
<input type="checkbox"/> 000535 ( *ST HW )	<input checked="" type="checkbox"/> 000408 ( *ST ZG )
<input type="checkbox"/> 000585 ( *ST DD )	<input checked="" type="checkbox"/> 000422 ( ST YH )
<input type="checkbox"/> 000587 ( *ST JZ )	<input checked="" type="checkbox"/> 000536 ( *ST HY )
<input type="checkbox"/> 000611 ( ST TS )	<input checked="" type="checkbox"/> 000572 ( ST H1 )
<input type="checkbox"/> 000663 ( *ST YL )	<input checked="" type="checkbox"/> 000595 ( *ST BS )
<input type="checkbox"/> 000670 ( *ST YF )	
<input type="checkbox"/> 000675 ( ST YS )	
<input type="checkbox"/> 000687 ( *ST HX )	

Click the code or click [Clear All] to cancel the selection.

Click the code or click [All] to select the code.

Tick the codes in [Select] in single or combined selection.

[Export] the selected codes in two ways

Export ▾ Save OK

Save the selected codes in [My Code], enter a custom name in the column, and click "OK" to view it in [My Code].

## Method ②: [Import]

The 'Select company codes' dialog box shows three methods: 'Select', 'Import' (selected), and 'All'. The 'Import' method is active, and a callout box points to the 'Templates' button.

## Method ③: [All]

[Templates] Edit the code according to the format requirements and save it, and then click "Browse" to select the saved file and import it.

# Select Fields and Set Condition (Optional)

Select fields

Enter Keywords  Search

Select : **All** 20/27
